INTRODUCTION

I, along with many other people, not to mention our God, have been concerned about the casualness of sex in our society. That's exactly what Satan wants as he knows all the various bindings he can hold against us while we're romping around. Loose sex has permeated every part of our society; and if some give warnings they're labeled as old-fashioned and religious. God is anything but casual about sex and takes oneness between a man and woman very seriously.

This little booklet isn't to condemn or scare (well maybe a little), but to educate so you can turn from any darkness that sex outside of marriage has brought into your life.
